GOALKEEPER GLOVES

Thanks to special Aqua additives, uhlsport's patented Aquasoft foam guarantees particularly good grip properties in wet conditions. Combined with the "Super Grip" particles of the Supergrip, this makes the Aquagrip maximum grip even in wet conditions.

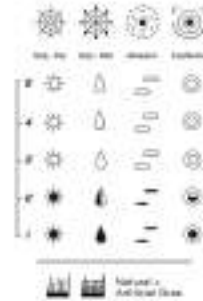

### SOFT

### SUPERSOFT

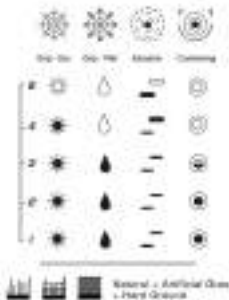

### STARTERSOFT

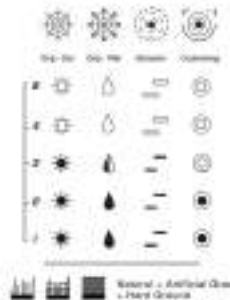

Our patented Absolutgrip-Haftschaum unfolds its full ability in dry weather, but does not let you down even in the wet. It does not matter if you are shooting long shots, one-on-one duels or high flanks - you have everything under control.

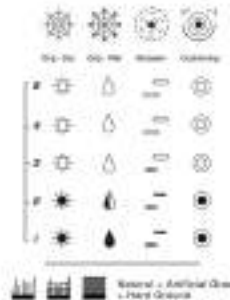

### SUPER RESIST

### SOFT RESIST

### STARTER RESIST

A new generation of latexes with RES particles - with foam properties optimized for artificial turf and hard floors and therefore particularly resistant to abrasion. Special graphite particles make the palm extremely robust and resistant - no matter if it's a super, soft or starter model.
